

Ho-ho-ho, GrantWave v3 is here!

It's [GrantWave v3](#) ☑ nice, new and shiny. Just in time for the holidays, we are proud to announce the release of the next step in grant management: GrantWave v3 is here with lots of new functionality like budget and expense tracking, Outlook integration with contact, task, and appointment synchronization, full multi-user support, as well as an enhanced reporting engine.

If you haven't had a chance to try GrantWave, now is a great time to give GrantWave a second look. Check out our new four-minute [overview presentation](#) to see what GrantWave is all about. Want to learn more? Just [ask](#) or schedule a [30-minute web demo](#) at your convenience to see how GrantWave helps busy elves like you stay on target.

Win an iPad, GrantWave, and more

The holidays are just around the corner and we know what is at the top of everyone's wishlist – an Apple iPad. How would you like a chance to win an Apple iPad, or maybe a full version of GrantWave v3, or perhaps two years of free support? Tell us what you like about GrantWave and have the chance to win an Apple iPad, a full version of GrantWave v3, or two years of free support. Participation deadline is March 31st, 2011 at 11:59PM, PST. Winners will be announced April 4th 2011. No purchase necessary. See here for more [details](#).

Just talk about GrantWave and earn some real dough

Can't wait till next year? Well, why don't you join our affiliate program today and get GrantWave for free. And to top it off we even pay you generous commissions just for referring new customers to us. All you have to do is refer one new customer to us within a six month timeframe and we pay you a commission of 40% of the net software sale. See here for [details](#).

What coming next? Grants.gov?

Even though GrantWave v3 is done, we are committed to listening to our customers and making GrantWave even better. The next big thing is just around the corner:

GrantWave integrates with [Grants.gov](#) to make securing and managing your federal grants a breeze.

Yes, you heard right, GrantWave is the first off the shelf program, that lets you browse and apply for grants of the various federal agencies directly through the program. No more keeping track of various files all over the place. It's all neat and clean organized in GrantWave. Of course you will be able to check the status of your applications at any time as well.

Anything else? Yes, GrantWave's new client server architecture allows us to enhance it easily to different needs. How about a web interface to let your colleagues and collaborators check the status of a grant? Of course you'll be in control of who sees what.

These are just two features we have planned for early next year. We have some more ideas, but ultimately **you decide** on what we focus on next. Let us know what you think! We want to hear from you! The good, the bad, or whatever you wanted to say for a long time...

Happy holidays to you and your loved ones! We wish you a wonderful, grant filled new year!

Cheers,

Your Mindcoast Team
