

1. Grant Organization

With GrantWave, all of your information – grant history, due dates, reporting requirements, contacts, affiliations, requirements, goals, budget, and much more - is at your fingertips. No more searching through bulky grant files or asking staff for details. Compare grant funds, manage activities, and view budgets without leaving your desk.

- Logical three-tiered structure - Organizations, Programs, and Grants - allows you to conveniently organize your data. Rename tiers to better fit your structure, e.g. "City, Departments, Grants" or "University, Departments, Grants." GrantWave lets you adjust the structure to fit your needs.
- Left-side control panel lets you move between components quickly and easily.
- Access the internet without leaving GrantWave.
- Compare budgets, programs, liaisons, and more without managing multiple hard copy files.
- Format rich text right within the program.
