

2. Grant Management

Manage all of your grants without leaving your desk. GrantWave delivers every opportunity to record your grant information, all in one streamlined application. Information is at your fingertips and available instantly.

- Build a comprehensive data repository for each and every grant.
- Unique crosslinking capabilities allow you to allocate resources to activities, objectives, and grants.
- Record all of your grant dates - due, expiration, review, submission, and more - on one page.
- Keep track of writers, status, type, and method of submission.
- View grant goals, letters of support, programs, and budgets.
- Import existing grant information from Microsoft Word and Excel without losing formatting.
- Manage all of your resources, including personnel - staff, board, volunteers, reviewers, liaisons - and partners.
- Create grant timelines for reporting and management purposes.
